

## MEASUREMENT & CERTIFICATION SHEET LINED DITCHES

Owner/Operator: \_\_\_\_\_ Location: \_\_\_\_\_ Date \_\_\_\_\_

Technical services of the Natural Resources Conservation Services are available to the land operator.

Purpose of Ditch and Number of Acres Benefited:

- (a) Head ditch \_\_\_\_\_ acres directly benefited.  
or  
(b) Delivery ditch \_\_\_\_\_ acres directly benefited.

Grade \_\_\_\_\_ % (ft. per 100 ft.)

Ditch Dimensions:

Distance between contraction joints \_\_\_\_\_ ft.

Total lined length \_\_\_\_\_ ft.

Dimensions:

|                 |              |
|-----------------|--------------|
| Earth Shoulders | a. _____ ft. |
|                 | b. _____ ft. |
| Top Width       | c. _____ ft. |
| Bottom Width    | d. _____ ft. |
| Depth           | e. _____ ft. |
| Thickness       | f. _____ ft. |

Where Concrete was batched (Company) \_\_\_\_\_
